EDUCATION

Professional Masters of Architecture,
The School of the Art Institute of Chicago, 2010
Trustee Merit Scholarship

Bachelors of Fine Arts with emphasis in architecture and interactive media,
The School of the Art Institute of Chicago, 2007

MAIN QUALIFICATIONS

Phillip Granke is a seeker of diverse playgrounds. He is curious and always learning in a broad sense, seeking advancement in art, science, business, and athletics.

His ability to understand and coordinate a wide variety of interests is advantageous in the leadership role of architect and project manager. His fluid use of advanced design, visualization, and fabrication tools grows consensus, saves time, and delivers high quality.

Space is the thread tying together his journey (be it experiencing, imagining, or creating space). His joyful sense of space is rounded by a stewardship for public places and a deep respect for the layers of history and human effort present all around us.

Phillip has been developing a strong body of professional architectural work since 2005. His work has exhibited in Antwerp, Milan, Chicago, and London.
